Wellness Services

Tailored Massage 60/90 minutes

£120/£170

A personalised massage targeted to your individual needs. An initial consultation by your therapists identifies what areas you would like to concentrate on, any problems you are currently experiencing, and the type of massage pressure you prefer.

Deep Tissue Massage 60/90 minutes

£130/£180

Similar to the Swedish Massage, but deeper pressure on concentrated areas following muscles, tendons, and fascia is beneficial in releasing chronic muscle tension and aims to physically break down adhesions which relieves pain and restores normal movement.

Tailored Facial 60 minutes

£170

Our signature facial delivers results exactly where they're needed. Whether you're in need of a hydrating, cleansing, or brightening treatment, you'll notice immediate results. Your therapist will bring all products and tailor the treatment according to your skin needs.
